## **Skills Audit Technique**

|          | Skill                | Description  | Rating<br>1- Poor | Evidence | How to improve<br>your skills |
|----------|----------------------|--|-------------------|----------|-------------------------------|
|          |                      |  | 5- Excellent      |          |                               |
| 1        | Team Working         | Being able to co-operate with others on a shared     | 12345             |          |                               |
|          |                      | task, being aware of and adaptable to the working    |                   |          |                               |
|          |                      | styles of others and working in teams                |                   |          |                               |
| 2        | Oral                 | Being able to give clear and accurate information,   | 12345             |          |                               |
|          | communication        | using appropriate language, tone, intonation and     |                   |          |                               |
|          | /Listening           | style. Listening to others and clarifying your       |                   |          |                               |
| -        |                      | understanding.                                       |                   |          |                               |
| 3        | Presentation         | Being able to present ideas and information clearly, | 12345             |          |                               |
|          | skills               | concisely and appropriately to an audience using     |                   |          |                               |
| -        |                      | appropriate technology.                              |                   |          |                               |
| 4        | Written              | Being able to write well for a variety of audiences  | 12345             |          |                               |
|          | communication        | is important. If you demonstrated ability to write   |                   |          |                               |
|          |                      | well in college, your writing skill should be self-  |                   |          |                               |
|          |                      | evident from the quality of your application.        |                   |          |                               |
| 5        | Persuading and       | Being able to convince others that your ideas are    | 12345             |          |                               |
|          | influencing          | useful to bring the best course of action.           |                   |          |                               |
| 6        | Negotiation          | Being able to facilitate and negotiate an            | 12345             |          |                               |
|          |                      | agreement with an individual or group, in a          |                   |          |                               |
|          |                      | manner which is clear and respectful to all.         |                   |          |                               |
| 7        | Leadership           | Being able to lead by example, providing             | 12345             |          |                               |
|          |                      | direction, motivation and support to others.         |                   |          |                               |
| 8        | Initiative/          | Being able to support or start a new project, or to  | 12345             |          |                               |
|          | creativity           | come up with new ideas/make changes to the           |                   |          |                               |
|          |                      | standard way of doing things. Breaking the status    |                   |          |                               |
|          |                      | core.  |                   |          |                               |
| 9        | Prioritising/time    | Being able to assess the relative importance and     | 12345             |          |                               |
|          | management           | urgency of tasks and plan accordingly.               |                   |          |                               |
| 10       | Problem              | Being able to research alternative actions and       | 12345             |          |                               |
|          | solving/Decision     | devise an appropriate method to overcome a           |                   |          |                               |
|          | making               | problem, systematically choosing the best path to    |                   |          |                               |
|          |                      | take.  |                   |          |                               |
| 11       | Using IT             | Being able to use appropriate IT packages, e.g.      | 12345             |          |                               |
|          |                      | word processing, databases, spreadsheets, power      |                   |          |                               |
|          |                      | point, use of graphs etc.                            |                   |          |                               |
| 12       | Numeracy             | Being able to manage everyday mathematical           | 12345             |          |                               |
|          | A 1.1 1.111          | problems with confidence.                            |                   |          |                               |
| 13       | Analytical skills    | Being able to think critically and logically,        | 12345             |          |                               |
|          |                      | employing information seeking strategies;            |                   |          |                               |
|          |                      | extracting, organising and evaluating information.   |                   |          |                               |
| 14       | Self- Management     | Being able to manage your own learning               | 12345             |          |                               |
|          |                      | development by clarifying your values and            |                   |          |                               |
|          |                      | objectives and evaluating personal performance.      |                   |          |                               |
| 15       | Positive             | Having a 'can-do' attitude, a readiness to take      | 12345             |          |                               |
|          | attitude/            | part and contribute, openness to new ideas and       |                   |          |                               |
|          | Motivation           | a drive to make these happen.                        |                   |          |                               |
| 16<br>17 | Self-awareness       | Knowing your own strengths and skills as well as     | 12345             |          |                               |
|          |                      | having the confidence to articulate them.            |                   |          |                               |
|          | Flexibility <i>I</i> | Being able to anticipate and handle change and       | 12345             |          |                               |
|          | Adaptability         | adapt to new situations.                             |                   |          |                               |
| 18       | Project              | Being able to plan, organise and manage              | 12345             |          |                               |
|          | management/          | resources to bring about the successful              |                   |          |                               |
|          | Planning             | completion of project goals and objectives.          | written permiss   |          |                               |
